

# Durland Graduate Research Scholarships

**A university-wide, renewable graduate student entrance scholarship program designed to attract and retain top graduate student talent to our research-based PhD and Master programs**

Building the strength, vitality, and reputation of Saint Mary's University as a research enterprise and the University at large.

Award recipients would base their graduate research on at least one of the themes of our [Strategic Research Plan](#);

- **Climate Change and the Environment**
- **Connecting to Communities**
- **Innovative Science**
- **Modern Global Citizenship Issues**
- **Innovation in Business and Workplace Studies**

Be part of a small knit community of top graduate researchers from around the world in the beautiful city of Halifax and access a rich portfolio of research-based graduate programs; 8 MA, 3 MSc, and 5 PhD programs across Arts, Business and Science.

Learn more at <https://www.smu.ca/gradstudies/>

To be considered interested applicants should submit a completed entrance scholarship form by or before the deadline of 5pm AST on January 31, 2025.
